SABAREESH GANESAMOORTHI

Aspiring Software Developer

+91 78458 40747 | sabareeshgm47@gmail.com | github.com/frozen-47 | linkedin.com/in/sabareesh47 | frozenn.in

PROFESSIONAL SUMMARY

Computer Technology undergraduate with hands-on experience building full-stack and front-end applications using React, TypeScript, JavaScript, and C++. Strong foundation in Data Structures & Algorithms and Object-Oriented Programming through consistent coding practice. Founder of DevSnapz, an open-source developer community, with experience designing, building, and deploying real-world software projects.

TECHNICAL SKILLS

Languages & Programming: C, C++, Java, Python, JavaScript, TypeScript, HTML, CSS

Frameworks & Libraries: React, Tailwind CSS, Vite

Operating Systems: Linux (CLI, Bash, Shell Scripting, Package Management, File Permissions), Windows

Tools & Platforms: Git, GitHub, Vercel, Netlify, Supabase, Firebase, Clerk Authentication

Concepts: Data Structures & Algorithms, Object-Oriented Programming, Cybersecurity Fundamentals

Soft Skills: Quick Learner, Critical Thinking, Problem Solving

Languages: English (Fluent), Tamil (Fluent)

PROJECTS

AIverse | github.com/Frozen-47/AiVerse | aiverse.frozenn.in

- Developed an open-source AI encyclopedia for discovering AI tools and models with organized categories and search functionality using React, TypeScript, and Tailwind CSS.

FindBlood | frozen-47.github.io/FindBlood

- Built a platform that streamlines blood discovery across Tamil Nadu during normal and emergency medical situations, prioritizing nearby matching donors and verified hospital blood bank inventories based on medical blood group compatibility, proximity, and urgency.

Grade Calculator | github.com/Frozen-47/GradeCalculator | getgpa.vercel.app

- Developed a responsive web application that calculates semester GPA and cumulative CGPA using a configurable 10-point grading system.

Event-Handling | github.com/Frozen-47/Event-Handling

- Built a responsive Campus Event Management Portal for Bharathidasan College of Arts and Science (Autonomous) in collaboration with FACE Prep Campus.

TECHNICAL EXPERIENCE

Founder & Builder — DevSnapz *Currently Building*

- Built Project Showcase, Guidance Boards, and Code Contributions modules using React, TypeScript, Tailwind CSS, and Vite.
- Designed local-first state management to persist guidance threads, backer lists, and projects in browser storage.
- Developer-first community hub for showcasing projects, getting mentorship, and sponsoring open source.

Independent Developer *2023 – Present*

- Designed, developed, and deployed multiple web applications using modern front-end technologies.
- Configured Linux-based environments; managed packages, permissions, and shell scripts.
- Maintained personal portfolio site (frozenn.in) with custom web hosting configuration.
- Managed source control using Git and GitHub for version control and collaboration.

Collaborative Programming Repository — GitHub Project

- Managed a collaborative GitHub repository for class programming exercises, coordinating contributions, maintaining Git workflows, and contributing programming solutions.

EDUCATION

Bachelor of Science in Computer Technology *2024 – 2027*

Bharathidasan College of Arts and Science

- Semester 1 – 82% | Semester 2 – 78% | Semester 3 – 73% | Semester 4 – 77%
- Coursework: Data Structures, OOP, Computer Networks, Operating Systems

Higher Secondary Education – Computer Science *2020 – 2024*

Shree Gurukulam Hr Sec School

- Graduated with 77% aggregate

CERTIFICATIONS & ACHIEVEMENTS

- 14 Microsoft Applied Skills Certifications – cloud, AI, and developer tools
- Agentblazer Innovator – Salesforce (AI and automation proficiency) | VIP Participant – Microsoft Office Tour 2025
- LinkedIn Learning Certifications – Git & GitHub (version control, branching strategies, and collaboration workflows)
